## A NON-GAMBLING alternative to casino-style games

Literally the solution to the world's gambling problem

The money comes from the best advertising concept ever developed. Every single person who has been shown this concept has agreed. Details to follow:

# EVERYONE WANTS TO PLAY

Everyone who hears about these tournaments will want to play in them.

They are the biggest free online tournaments in history and they raise lots of money for you.

Register your charity, cause, church, or organization and we will provide you with a special link.

We will also provide you with Facebook ads, Youtube videos, banner ads, and email letters for you to attach your special link to.

**Easy as 1-2-3**

# 20% OF TOTAL REVENUE IS YOURS

All tournament long we will send you 20% of the GROSS revenue those players generate for us, and our program generates a **lot of money**.

Enough money to provide the best free online tournaments in history.

We will then host more tournaments year-round and continue to donate 20% of the total revenue we receive to you with no strings attached.

## A LOT OF MONEY

How much is a lot?

100 players playing what beta testing says is an average amount of time would generate about \$1000 in no-strings-attached donations from this one tournament.

And this would just be the start as you will continue to receive monthly donations with no strings attached as we host more tournaments.
